STATE OF MARYLAND

December 6, 2021- The Maryland Security Operations Center is investigating a network security incident involving the Maryland Department of Health. Some of the services provided by the Kent County Health Department are likely to be impacted, and we ask for the public's patience and understanding as this issue is resolved.

The Maryland Department of Information Technology, the Maryland Department of Health, and the Maryland Department of Emergency Management are working closely with federal and state law enforcement partners to address the incident and to gather additional information. Certain systems have been taken offline out of an abundance of caution and other precautions have and will be taken.

The investigation is ongoing, potentially affected employees and partners have been informed, and we will provide additional information as circumstances warrant.

If you are a customer in need of services through Kent County Health Department, please call 410-778-1350 so that we may be of assistance.
