Kent County Health Department's Lynchburg St. Building Closed Monday, January 11th, 2021

January 10, 2020 - A second Kent County Health Department employee has tested positive for COVID-19. The employee was last in the 125 S. Lynchburg Street building on Friday, January 8th. The Kent County Health Department is taking immediate action to protect everyone involved and has begun contacting persons who may have been exposed. In addition, effective 10:00 pm today January 10, 2021, the Kent County Health Department's Lynchburg Street building will be closed for disinfecting and is scheduled to reopen on Tuesday, January 12, 2021.

This building closure does not affect our off-site COVID-19 testing clinic. Persons with an appointment for COVID-19 testing at our off-site clinic on Monday, January 11th should still arrive as scheduled.
